SUMMARY

New graduate with a B.S. in Information Technologies (Cybersecurity concentration) from Southern New Hampshire University (Summa Cum Laude, 3.96 GPA), CompTIA Security+, and eight years in federally regulated aviation security operations. Seeking IT Support, Help Desk, and Tier-1 SOC Analyst roles that value documentation discipline, access control habits, and lab-proven troubleshooting.

TECHNICAL SKILLS

Network troubleshooting | **Windows Group Policy** | **MySQL / SQL** | **Incident documentation** | **Access control / IAM concepts** | **CIS Controls awareness** | **Security+** | **Python (intro)** | **Git** | **Help Desk / IT Support**

SELECTED PROJECTS

Packet Tracer Network Lab and Config Scavenger (CYB-210)

Diagnosed Packet Tracer connectivity failures (packet loss to successful retest) and documented wireless, LAN, and VLAN configurations from CLI scavenger tasks.

Windows GPO Hardening in GNS3 (CYB-220)

Hardened a Windows endpoint via Group Policy (Control Panel restrictions, Task Manager disable, Recycle Bin icon removal, HTTP printing off) with documented policy paths and registry keys.

CIS Controls and HIPAA-Aligned SLA Brief (CYB-260)

Proposed CIS Controls 5/6/14 implementations (IAM, least privilege, MFA, phishing simulations) for a HIPAA-aligned academic SLA scenario.

Security Incident Analysis (CYB-200)

Analyzed a payroll integrity incident and recommended least privilege and defense in depth aligned to NIST incident-handling guidance.

PROFESSIONAL EXPERIENCE

American Airlines

2015 - 2023

Aviation Security Operations Crew Chief

Charlotte, NC

- Operated in federally regulated aviation security with security clearance and CBP badge endorsement under FAA, OSHA, IATA, and CBP requirements.
- Performed high-accountability documentation, identity validation, and access control in international flight operations.
- Completed recurrent incident-response and safety/security training; coordinated during incidents, inspections, and compliance workflows.

Fossa Logistics LLC (Amazon DSP)

2025 - Present

Delivery Associate

Charlotte, NC

- Performed high-tempo logistics operations including route prioritization, customer exception handling, and delivery under hard time windows while completing degree and portfolio work.

USPS

2024 - 2025

Courier and Logistics Specialist

Kannapolis, NC

- Executed time-critical courier and logistics operations during degree completion.

EDUCATION AND CERTIFICATIONS

B.S. Information Technologies - Cybersecurity Concentration

Southern New Hampshire University | Summa Cum Laude | 3.96 GPA | Alpha Sigma Lambda (Sigma Psi)

Completed December 2025 | Diploma conferred January 1, 2026
